

Making hospital a happier place for children through play and advocacy

I am delighted to be taking up the post of CEO in Children in Hospital Ireland and I'm really looking forward to meeting with people from all aspects of the organisation. Firstly, I would also like to wish Orla well and say that I hope I can keep up the progress of Orla and others who have contributed so much to CHI. It's a daunting task!

I have a background in working with youth organisations and the wider voluntary sector for over 30 years. I have worked with the National Youth Council of Ireland, the Youth Advocate Programme and most recently with Volunteer Ireland. I have also worked in a free lance capacity for a number of years, working mostly in the area of promoting the participation of young people in a range of relevant areas including youth work and education settings and ensuring that systems are in place for their voice to be heard.

I look forward to this post and meeting with you over the coming months. Please feel free to contact me by e mail at anna@childreninhospital.ie
