

DID YOU KNOW?

In Ireland over 325,000 children go to hospital annually.

Over 100,000 stay an average of 3 days.

75,000 child inpatients are under 4 years of age and almost all are admitted through A & E - an unexpected and unplanned visit.

OUR WORK

Children in Hospital Ireland (CIH Ireland), founded in 1970, works to promote a positive hospital experience for all children and families. With a team of 300 volunteers across 14 hospitals nationwide, CIH Ireland facilitates play opportunities, thereby easing the experience of hospitalisation for children and their families. CIH also provides welcoming and wayfinding services in CHI at Crumlin and advocates on behalf of all children and their families to ensure they have access to the supports and services they need, before, during and after hospitalisation.

Thanks to all our supporters...and that includes you!

Our network of volunteers can only perform their invaluable work with your help! Funds raised will go towards our volunteer network and resources for children and their families. We are so grateful to have individuals who are willing to take the time to fundraise and grateful to you for supporting them!
